January 2017

Dear Students and Parents,

Although it is only January, it's already time to start looking at your course selections for the 2017-18 school year. It is important for you to familiarize yourself with the entire course guide, including general information and graduation requirements, to make sure you know all the opportunities that are available to you. Please visit our campus website to review the online version of the course catalog and the counseling office page for updated information concerning registration and other important issues.

Please take the time to carefully think about the classes you want to take next year, including counselor recommendations, to ensure that we can accommodate your selections to the greatest extent possible. Please review all of the information, talk to teachers, and make plans to attend the Lockhart Lion Showcase so you have the most current information concerning your schedule for next year and four-year graduation plan.

The past few years have been an extraordinary time of change, marked by a renewal of school spirit and pride at LHS. The future of Lockhart High School depends on the strength and unity of our underclassmen. As you prepare to make your course selections for next year, I would like to encourage you to challenge yourself both in your academic selections and in your investment in extracurricular activities. Take an advanced class in your favorite course of study. Get involved. Students who are connected to school by participating in extracurricular activities stay engaged in school and are generally more successful. If you don't know how to get involved, or feel you need more information, ask someone. Your school counselor will be happy to help you come up with a plan to make your experience at LHS the best it can be.

If you have any questions or concerns, please do not hesitate to stop by, and let's talk.

Sincerely,

Deanna Juarez  
Principal  
Lockhart High School
